Westerner

ALMA MATER

'Mid the shouts and cheering of the throng,

Alma Mater hear our song!

Let resounding echoes, voices raise

Spreading forth thy name, thy praise.

Always loyal, faithful, ever true.

Thus, we make our pledge to you,

And we'll never fail but we'll always hail—

SAH, hail to you, all hail!

All hail to you, dear SAH!

Hail to the orange and the blue,

Thy sons and daughters love thee well

Their faith and love will ne'er grow old.

Deep in their hearts, thy deeds, thy fame—

And glorious victory shall remain—

The Eyes of Texas are upon you

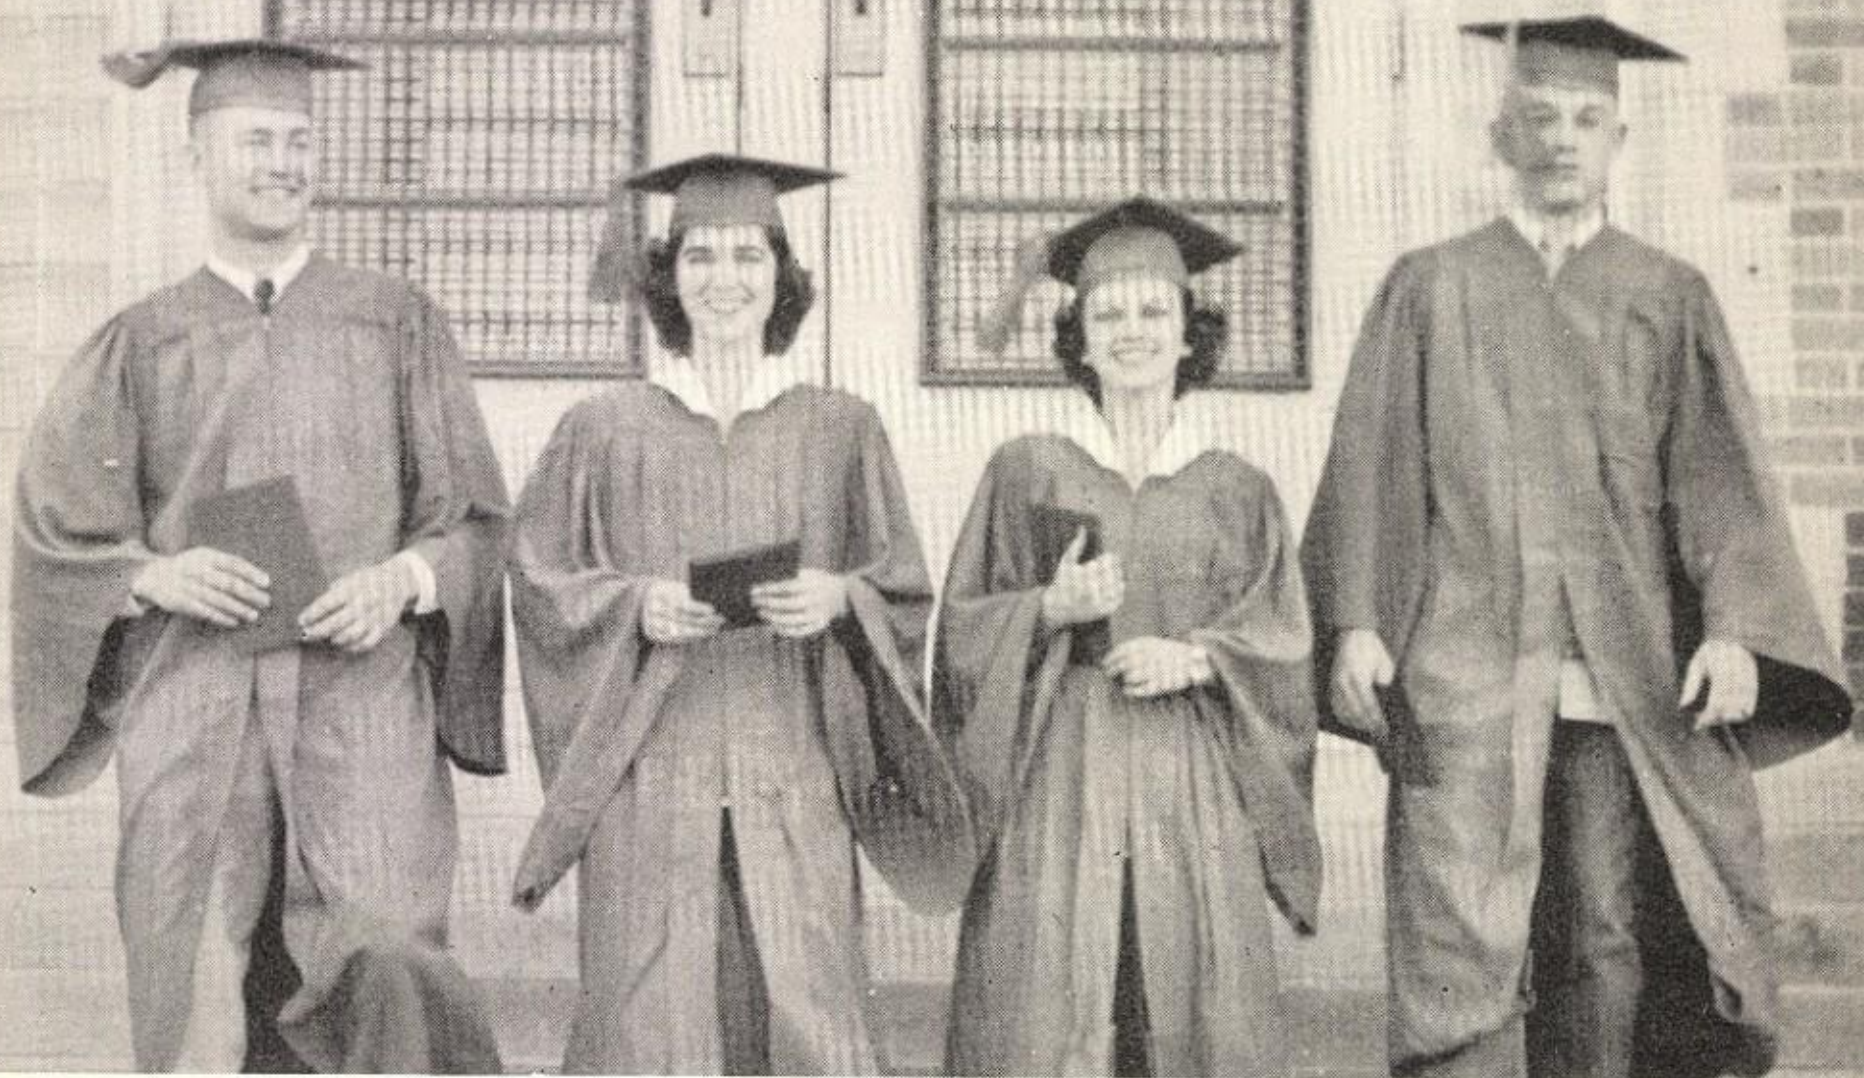

All the live-long day,

Hail to you, dear SAH!

The 1951 Westerner

Foreword

SHORT months ago, San Angelo High School was "evaluated". And as a guide to the score or more of visiting educators who did the evaluating, a "philosophy" of the school was compiled.

This philosophy represents the aggregate thinking of the entire faculty of San Angelo High School and many of its students. It is a master plan that governs all educational processes which themselves are a part of the school.

It seeks to answer many questions, most of which are beyond the scope of the school's yearbook. But one query emerges as the key to all, and the 1951 Westerner represents the staff's answer to that question:

"What educational road are we travelling and where are we going?"

Dedication

IF this generation of Americans has learned any one hard, bitter lesson, it is this:

Freedom is a luxury that comes dear; once it is won, continued possession of that freedom comes even dearer.

In the past decade, thousands of San Angelo High School graduates have joined other Americans in the war of survival of the Democracies against dictatorship and tyranny. Many have made the supreme sacrifice. But today an even greater menace clouds the world of free men. Once more, SAHS students and alumni are being called upon to help defend their country in another critical hour of peril.

To you loyal sons and daughters of SAHS, we say: God bless you, and God speed you home. And to you, wherever you may be—Korea or Kansas City—we dedicate the 1951 Westerner.

THE 1951 WESTERNER STAFF

Philosophy

OF THE SAN ANGELO PUBLIC SCHOOLS

THE purpose of public school education is to provide for every youth, regardless of his ability, his environment, or his race, the opportunity to develop to his maximum capacity, physically, mentally, socially, economically, morally, and spiritually, to the end that he may be a well-adjusted member of our democratic society, capable and desirous of making a positive contribution to that society.

The curriculum should place emphasis upon the whole child and his problems of living rather than upon subject matter alone. It should provide a student activity program to promote desirable attitudes, appreciations, and ideals in addition to knowledge, habits, and skills. In all grades, it should offer a liberal selection of experiences which are interesting now but whose major value will be realized in adult life. On the upper level the student, guided by sympathetic counselling should be free to select the curriculum best suited to his personal needs and future plans.

Methods of instruction should place emphasis on individual differences rather than on group conformity and should be democratic in procedure. Instruction should set up definite goals that the student can understand and accept; it should train him to think for himself and should stimulate his ambition to develop his native abilities. It should help the student to understand his place in a democratic society and to prepare himself to meet changing conditions.

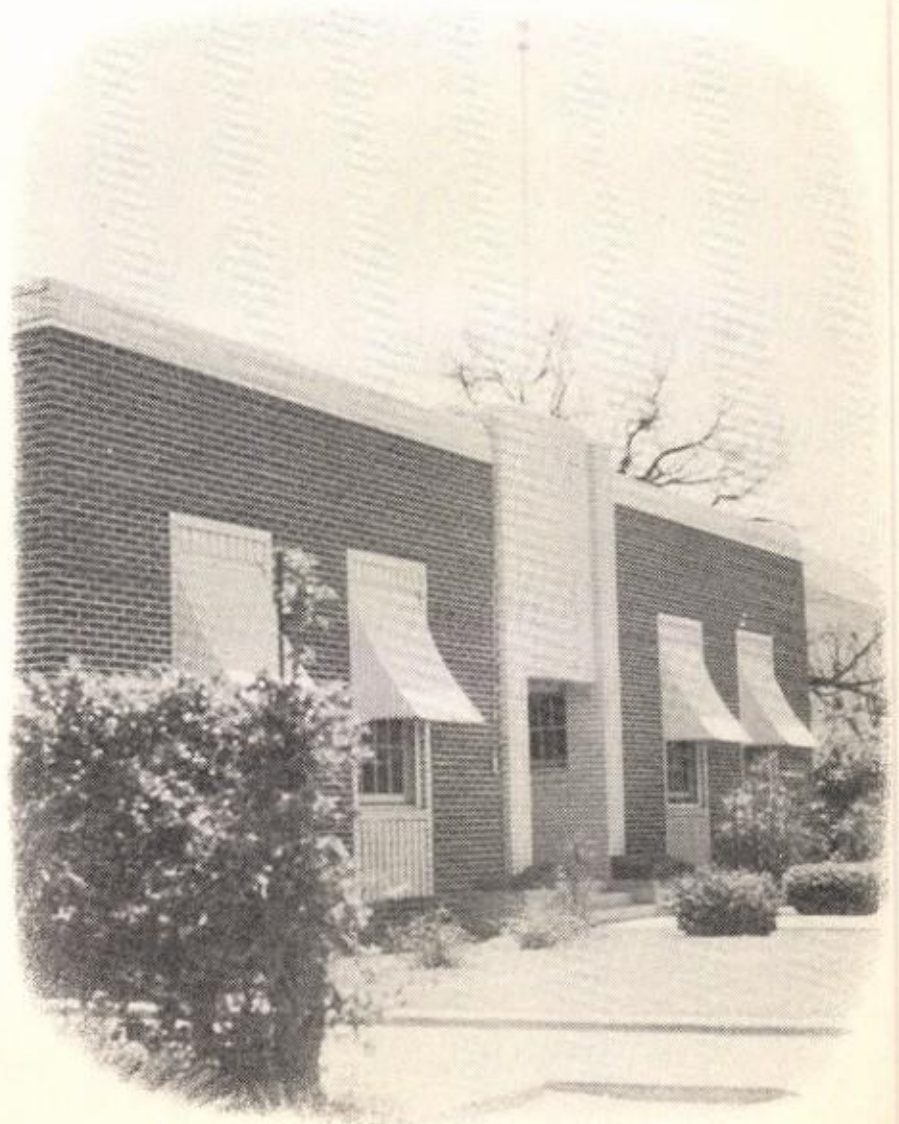

The school should provide a staff of well trained, efficient instructors and counsellors who take pride in their profession and observe its ethics; who staunchly support the fundamental principles of democracy; who possess both integrity of character and positive religious conviction; and who have a sympathetic understanding of youth and its problems. Staff members should possess personalities that will enable them to meet their own problems with intelligence, energy, cheerfulness, and enthusiasm. The school should provide the faculty with opportunity and encouragement for continuous professional growth.

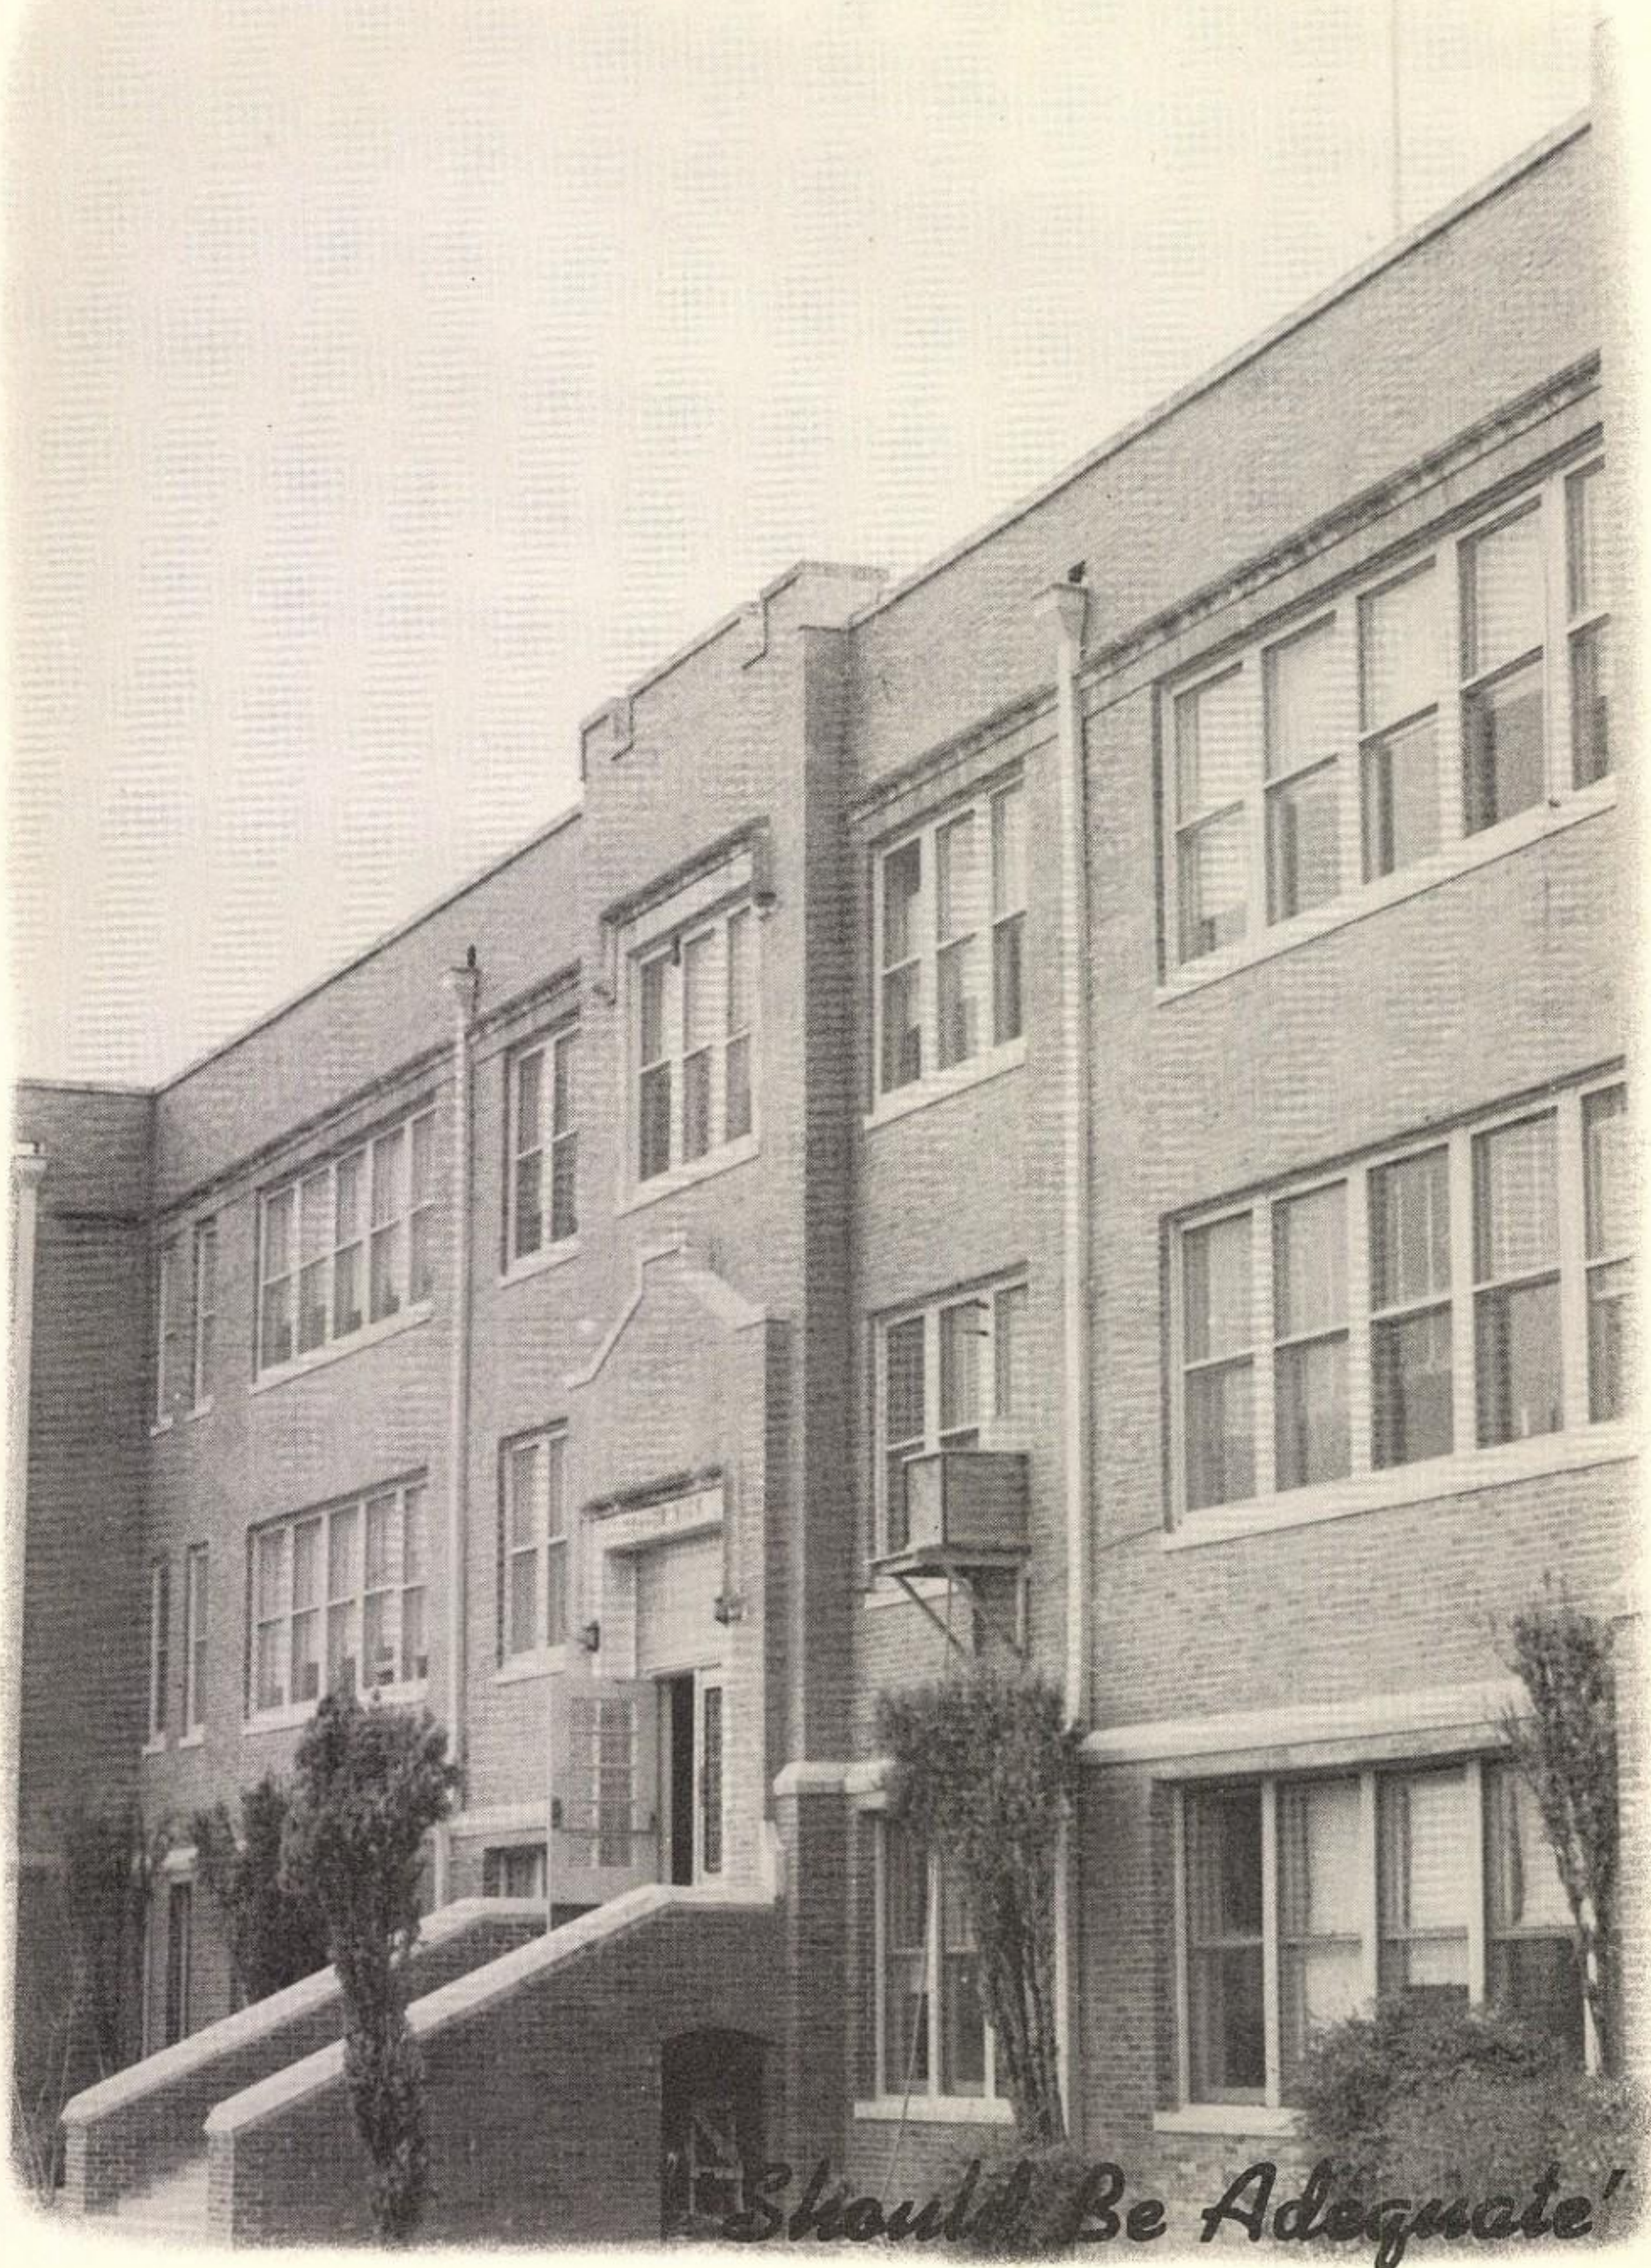

The school plant should be adequate both in size and equipment for carrying out the total school program. It should be well cared for and attractive in appearance; it should be so designed and operated as to invite its free use by the students, the faculty, and the community, particularly by organizations interested in the welfare of youth—with a view to an improved cooperative program of education.

The administration should formulate policies based on recommendations made by the administrative head in cooperation with his staff and authorized by the board of education; it should sponsor a type of supervision in which programs and procedures are determined cooperatively.

NOTE: (ALL-STAR TEAM SELECTED IMPARTIALLY
BY THE FACULTY)

Year in Review

WE were seniors this year. We had dreamed about it for a long time, but now we had our senior rings to prove it.

Vigorous campaigning began at once for our officers. Speeches, mottos, and posters urged everyone to elect the best qualified. We don't think the campaign could have been better, because look who we got:

Bob Nickel, president.

Jerre Sykes, vice-president.

Joyce Matthews, secretary-treasurer.

Tonya Woullard, reporter.

The senior banquet was held at the St. Angelus Hotel on April 16. We had a program befitting only seniors. Jerre Sykes read the class prophecy. Rita Tucker did a good job on it.

"Our Hearts Were Young and Gay" was the title of the senior play. A large majority of the student body applauded the play and hailed it as a huge success.

Then came our day—Kid Day. Boys' Ranch was the scene of swimming and all.

The "long awaited" baccalaureate finally came on May 20.

Commencement on May 22 was followed by a big dance. Oh, how we danced!

The time did pass fast. We always looked forward to our senior year. Now we'll always look back on it. But we know that we sang our school song the loudest, cheered the longest, passed more courses without studying, consumed more Cokes, and were the best darn bunch to ever walk away from SAHS.

" FIRST TUX "

" SHE SPOKE TO ME ! "

Year in Review

WE aren't sophomores anymore! That's our main accomplishment.

Our officers were elected among all the proper cheers and throat cuttings. We have some good ones too!

Earnestine Woodward president.

Paul Hudman, vice-president.

Joan Sellers, secretary-treasurer.

Fred Northcutt, reporter.

The junior prom was our big affair. We worked hard along with our sponsor, Duwaine Hughes. The prom was held in the Cactus Hotel Ballroom on March 31. To be truthful, it was the best, prettiest, and biggest dance ever held there.

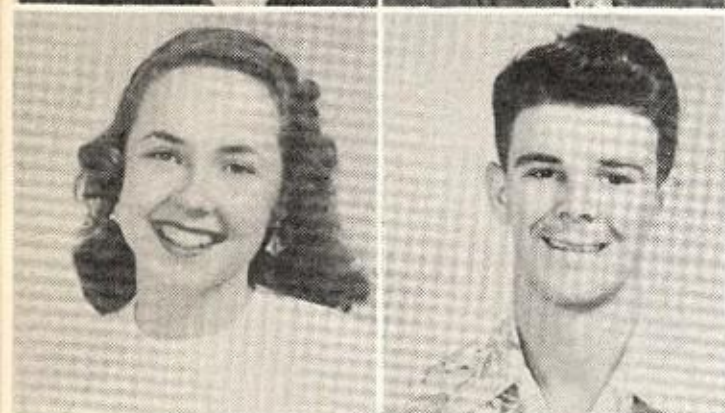

Next year we'll be the seniors. This year's seniors thought they hung the moon, but we have some ideas of our own now.

Year in Review

POOR little sophomores! That's what we were. Only students in our shoes could know how we felt the first days with everyone glaring at us. We got lost hundreds of times.

It wasn't long until the initiations came along. The torture we went through was terrible! But what could we do about it? We were only sophomores.

The main item of importance to us was the election of class officers. We didn't do too much campaigning, because we still didn't have much to say around dear SAHS, but we are satisfied with the results. Here they are:

Dale Bates, president.

Marilyn Abbott, vice-president.

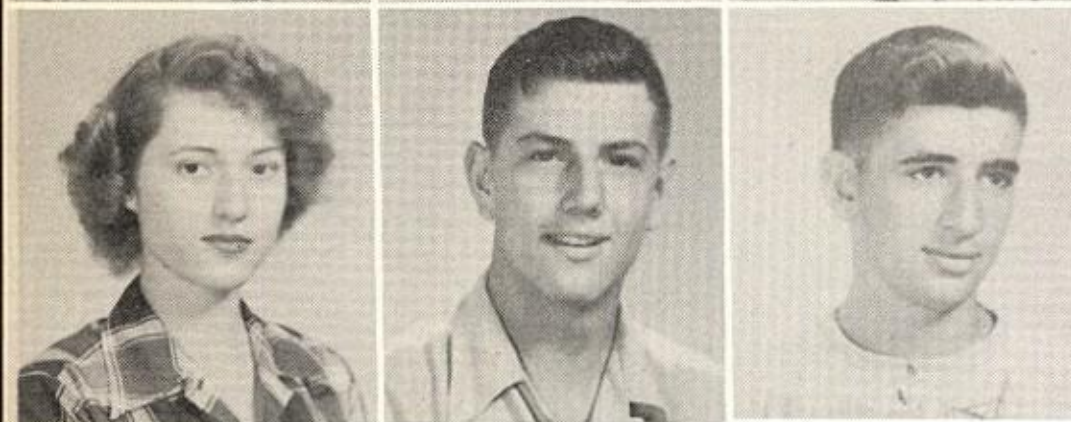

Stella Bolding, secretary-treasurer.

Marilyn McManus, reporter.

Next year we will be just as mean to the sophomores as the others were to us, naturally. We don't care. We will be juniors.

'An Activity Program...'

'That Promotes Skills'

Penrose Metcalfe, member of the state board of education, speaks at annual Diversified Occupations' banquet.

Grid Queen.

Lettermen . . . in music.

AN ACTIVITY PROGRAM . . . THAT PROMOTES SKILLS.

And one of the top skills of all is the ability to get along with people, to make them like you . . . a quality shared to a marked extent by the 1951 Westerner favorites.

But the broad program of activities offered by the school has something for every student. Whatever his bent—music or salesmanship, athletics or publications, dramatics or dancing—he can indulge his favorite whim, to his present satisfaction and future gain.

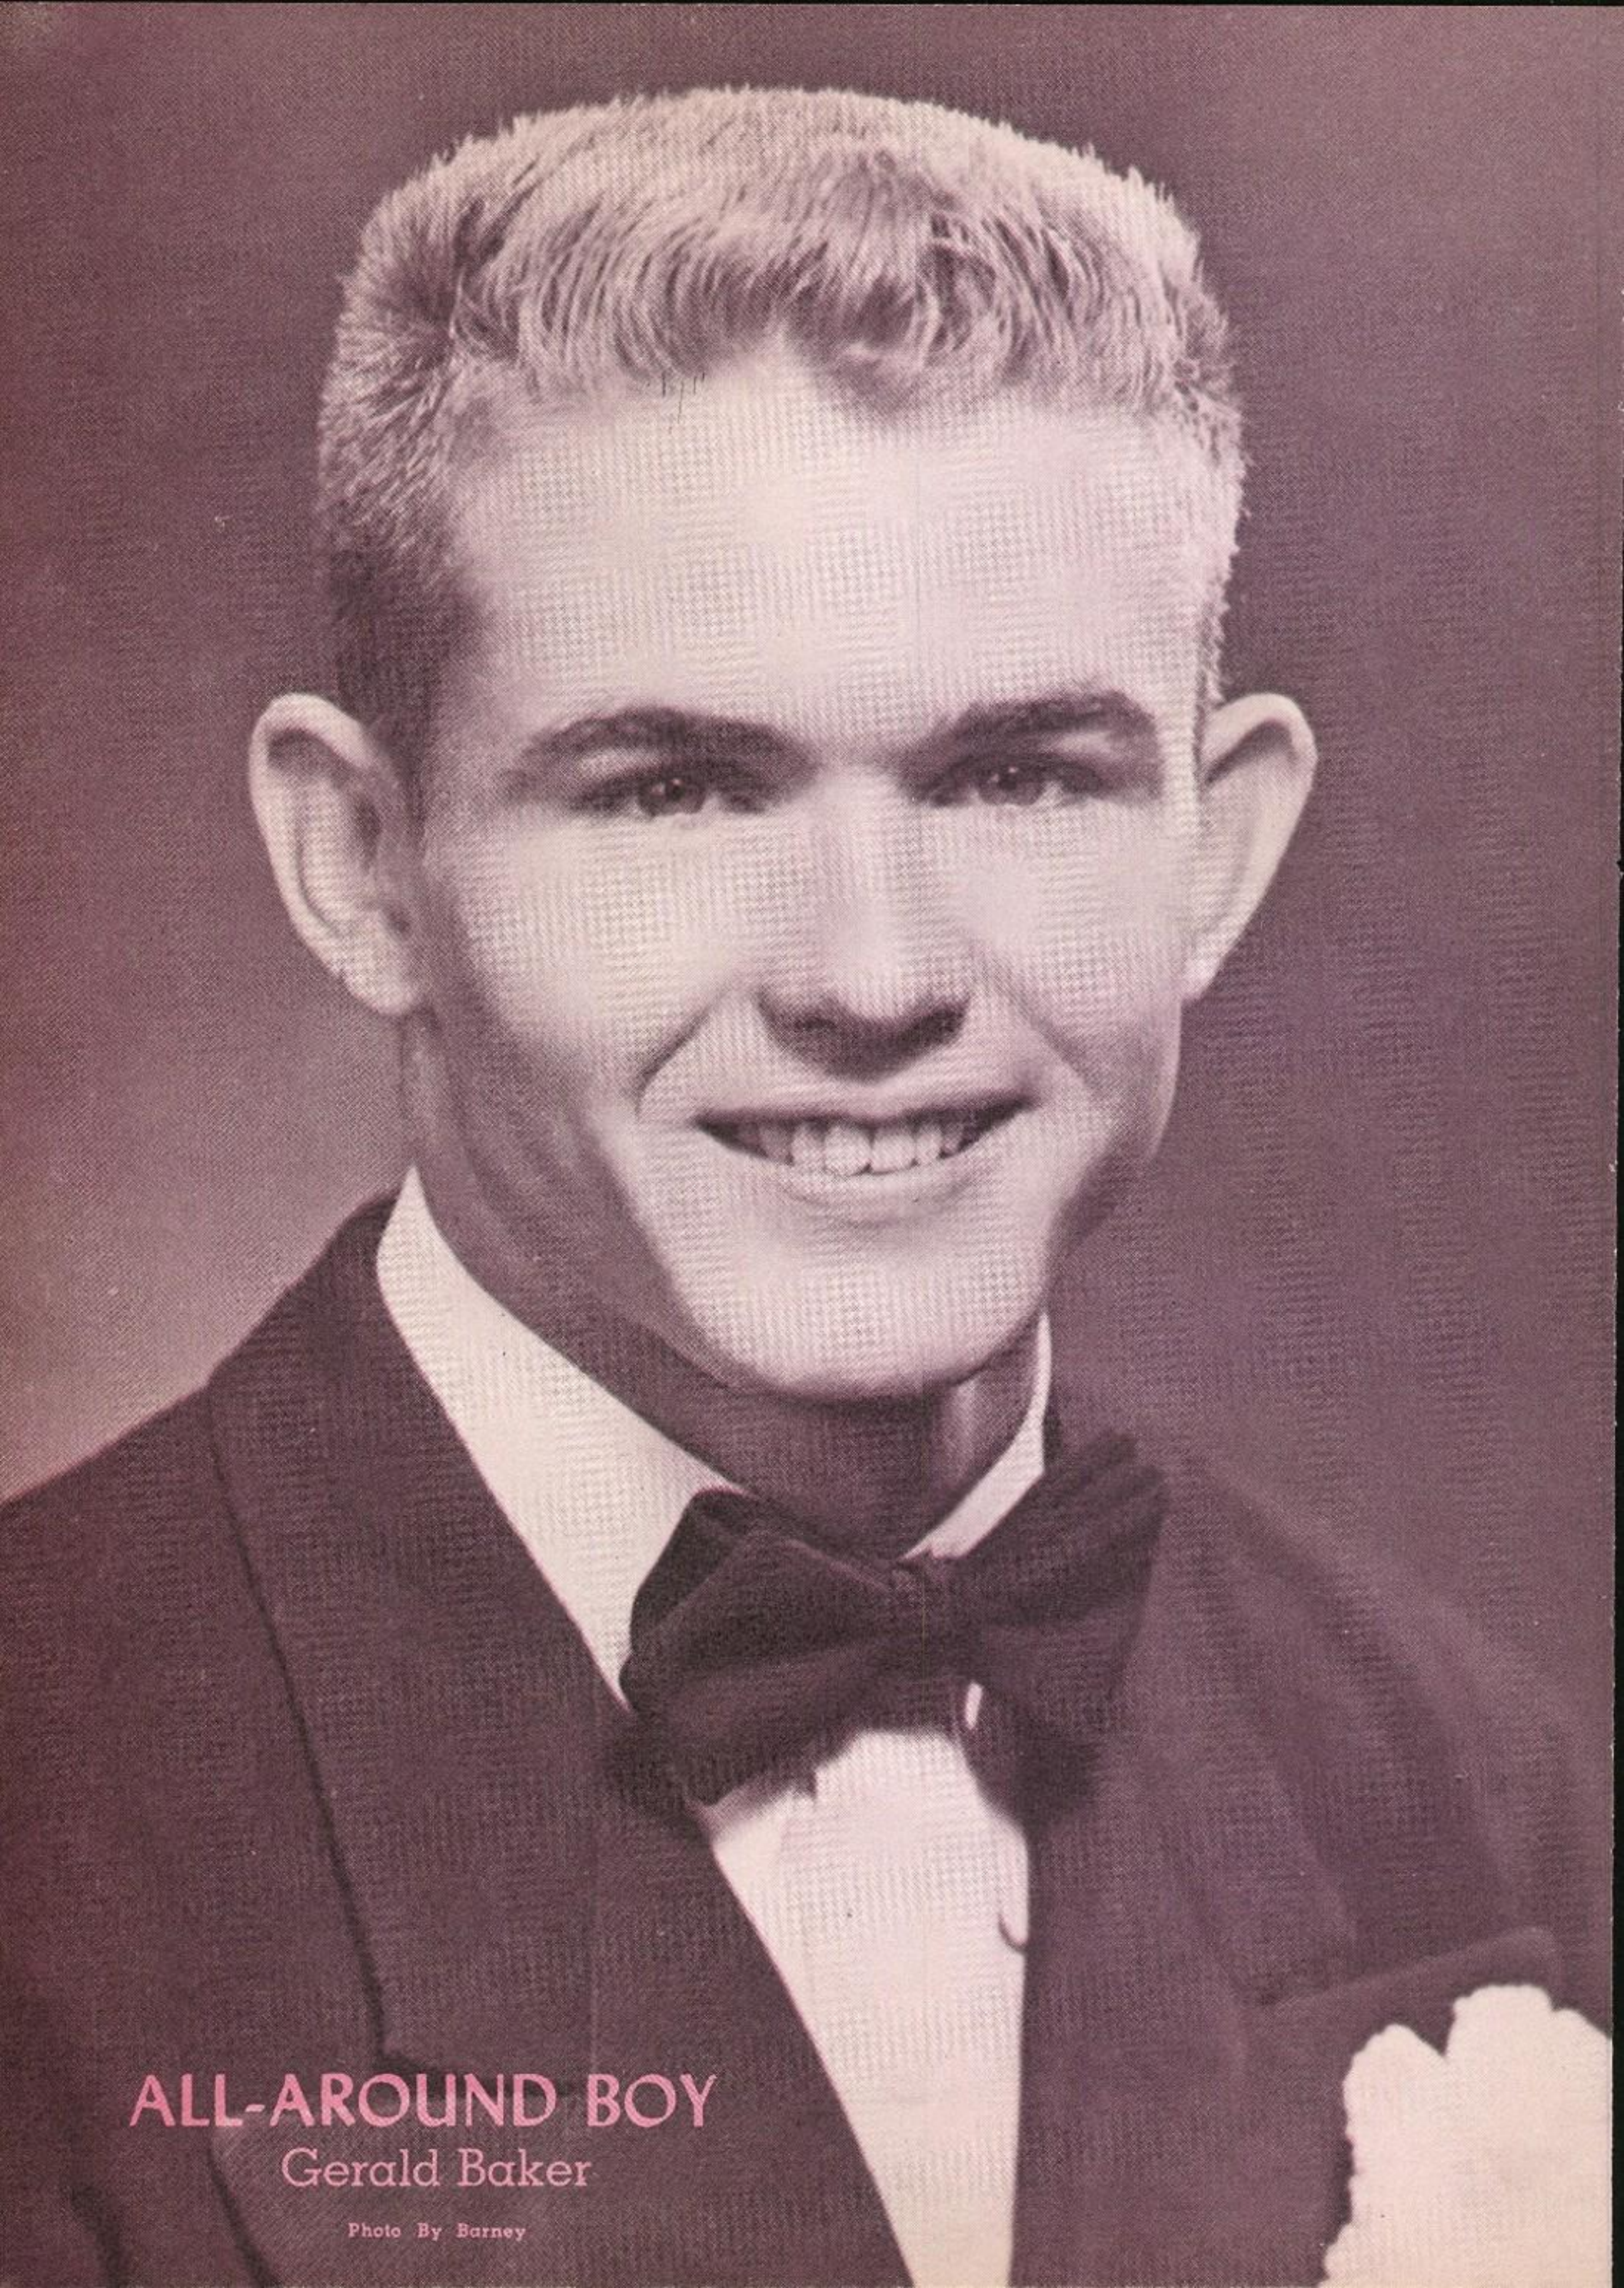

Bobcat base runner.

*Year of
Friendships*

SYMBOLIC of the school spirit and fighting spirit that characterized SAHS during 1950-51 is the picture on foregoing pages. Students and fans swarm on the floor to hoist Coach John Kiick for a victory ride just after the Bobcat basketball team bounced over Stephenville to win a spot in the state tournament.

The championship was second for SAHS athletes during the year as the Bobcat football team sewed up District 5-AA honors only to drop a close decision to Breckenridge in the bi-district title tilt.

Athletic Director and Head Coach Pete Sikes and Line Coach Henry Armstrong devise Bobcat strategy.

PURPOSE

To create, maintain, and extend throughout the school and community high standards of Christian character.

PLATFORM

Clean, Living, Speech, Athletics, Scholarship.

FUNCTION

To help boys achieve a more Christian way of living by developing personal integrity and self discipline; developing a growing sense of personal worth; maintaining perspective in a world of shifting values; performing useful community service; preparing in thought and action for the postwar world; conserving and strengthening democratic traditions; cooperating with other groups of young people to achieve these objectives.

Miss Grace Bitner

1903-1950

WITH the passing of Miss Grace Bitner on July 5, 1950, San Angelo High School students lost not only an efficient instructor, but a friend as well.

A member of the faculty of the San Angelo Public Schools for 24 years, Miss Bitner had endeared herself to hundreds of students and fellow-teachers. She was instructor of history and social science and sponsor of the Junior Historians in San Angelo High School at the time of her death.

As teacher, counselor, friend she will live on in the lives of those hundreds through the good influence and works she left behind.

Part of the philosophy of any school is a program of good public relations . . . and the support given the Westerner by San Angelo business men attests to the effectiveness of that program here.

To you San Angeloans who year after year go all-out in backing every phase of the school program, may we say an emphatic "Thanks!" Without you, this book would not be possible. Without you, many of the things that this book depicts would abruptly cease to exist.

Your advertisement in the 1951 Westerner will be an ever-present reminder of your loyalty and support to the more than 700 San Angelo High School students who will treasure their book for years to come.

Another Book You Can Bank On

You can bank on finding the right number in the current issue of the telephone directory. And you can bank on getting better service if you always check the directory before calling. You'll be reducing the annoyance and delay of wrong numbers and will save time. So always bank on the telephone directory for the right number and you can depend upon receiving real dividends in better service.

San Angelo Telephone Co.

Reddy Kilowatt is right with you all the time. You probably don't think much about it, but he helps you work in a hundred ways, every day, at the flip of a switch.

Reddy is on duty 24 hours a day. He never asks for a day off—not even for holidays or Sundays. He's stronger than a horse and he travels with the speed of light! He's *The Mighty Atom in Person!*

He's the lowest priced servant in history with wages that average about 3c an hour!

That's Reddy Kilowatt Power For You!

MEMBERS of the 1951 Senior Class of SAHS held a class meeting 14 years after their graduation day on May 23, 1965. While at this meeting they all filled in a questionnaire that told what each was doing and what he had been doing for the past 14 years. The following is a compiled summary from the information received from the questionnaire:

Bob Nickel now owns a chain of drive-in grocery stores in California but he says he makes more money off his Coke machines on top of Twin Mountains.

Scott Elms is working on a project to light up the moon for all the lovers four weeks a month instead of one. He can do anything with neon.

Dorothy Whitfield has been given the award for the outstanding fashion designs of the year.

Ray Barrett is the counsel for the plaintiffs in their plea to the government asking for a larger allotment of rain for next year's crops. Marlin Hahn, Calvin Hoelscher, and Larry Johnson are the petitioning farmers.

Delores Dierschke and Rheba Edwards have completed another successful year in their ideal secretary school.

George Osborne is playing with the Tulsa Symphony Orchestra. It seems that playing the trombone isn't all he does.

Opening night of Snookie Bingham's new Broadway show, "Dancing Feet", was termed magnificent by everyone.

Jack Ransom, who spends most of his time doodling on his 14-foot mahogany desk, has just named Betty Fowler the stenographer he likes most to work with. Betty is one of his 20 private secretaries.

Myrtle Gray Clary has just been elected president of the National Parent-Teacher Association. Nona Vickers is the newly elected corresponding secretary of the organization.

Dr. Bill Taylor, veterinarian, and his wife, the former Myrna Loy Ray, are spending a few weeks on their yacht. Some of Bill's patients that they are taking with them are Mickey and Minnie Mouse, Porky Pig, Droopy, and Tweety-Pie.

Wylie Webb is the Master of Ceremonies for the coast to coast broadcast of "Ladies Keep Standing."

Jo Abbott, now with the Squarling Brothers Circus, is doing the high dive into a glass of water. Dalton Stuart sings "Don't Cry Jo" while holding the glass. When the circus was in San Angelo, Margie Williamson took her cute little twins and three of her other children to see this great act.

Bill Key is now vice-president of General Motors Corporation.

Betty Skaggs has just completed her new book *Gruesome Stories for Growing Children*.

Lawrence Taylor, just out of the walking Army, is giving big league baseball a try.

Billie Brymer, known as one of the most sought-after women in Texas, is now the heir of a multi-million state wide chain of gas stations.

Norma Jean Henson has been proclaimed the outstanding artist of the year for her painting entitled, "Nothing".

Jack Blake's newly designed car, the Jacky B, is to come off the production line sometime in the next three months.

Tincey Moses and her husband are moving to the Hawaiian Islands by order of Uncle Sam.

Ray Hall Beck, the Humphrey Bogart of 1965, is now on a personal appearance tour in Alaska.

Ted Babb and Joel Howerton, both of the FBI have just exposed a ring of dope smugglers. It is believed that Jean Grounds is the leader of this gang.

Susan Mayfield, the scientist, has just married a famous New York doctor.

James Snelgrove, known as "Behind the

8-Ball, Joe McDoakes", has been on a vacation in England.

Pauline Eudaly and Lue Lee Ingraham have opened their joint dancing and piano studio in Hollywood, California.

Sammy Abbott is a traveling salesman for the Five-Course-Dinner-in-a-Capsule Company.

Inez Littlefield is managing the West Texas Utilities Branch Office at Podunk.

Mamie Jo Kennedy's exclusive ladies shop held its annual Spring Fashion Show last week. Dorothy Gray and Dollye Sefcik modeled outstanding spring fashions. Doris Ann Howard modeled children's clothes. The feature entertainment was a Bubble Dance by Helen Joyce Webb.

Preciliano Gallegos is still hollering for Girls, Girls, and more Girls.

Admiral Gerald Baker has just returned from his sixth expedition to Lower Slobolvia.

Lynn Webster is proving herself to be a good neighbor by teaching all the kids in her neighborhood how to march.

Hal Whitsitt, the cowboy, is visiting Bobby Castle on his tobacco farm in Kentucky. Speaking of tobacco, the new railroad running through the Southern States, known as the Tobacco Road, is owned by Kenneth Hayes, Leslie Davis, and Cal Henderson.

Barbara Borger is drawing cartoons etc., for Esquire Magazine.

Patsy Huckabee has just completed her piano Concerto in H-Minor. Kenneth Schludt is to play it on his concert in Carnegie Hall next month.

DELORES Stanford is president of the Nimble Thimble Sewing Club.

Denny Edmondson has set the world's record for flagpole sitting at 224 days.

Wanda Brashear's new book of poems, "Various Poems for a Variety of People", has just been completed.

Mack Deans has invented an invisible candy and chewing gum wrapper so that Miss Ruble can't make anybody else go around the school counting all the pieces of paper on the floor.

Peggy Jane Lewis has gone back to Baylor to do graduate work in voice.

It is believed that George Strebeck (alias Blackie Blackman) was one of a gang that robbed the New York National Bank last week.

Nancy Carruth now owns a cosmetics factory in California.

Tommy Glass, the friendly undertaker, has been complaining because Dr. Carolyn Hardegree keeps him so busy covering up all of her mistakes. It doesn't leave Tommy any time to go fishing.

George Wilkinson has been leaving his New Mexico ranch quite regularly to visit Ozona. I wonder if it's just the land he is interested in or is it Betty Tupper and her land.

Mary Sue Talley is doing a 30-minute sportscast every week for Gaynelle King's Kingey, Wingey, Munchie, Crunchy Breakfast Food.
